A screenshot of the Facebook Sign Up page. The browser address bar shows the file path C:/Users/hp/OneDrive/Documents/index5.html. The Facebook logo is in the top left. The top right has input fields for 'Email or Phone' and 'Password', with a 'Log In' button and links for 'Keep me logged in' and 'Forgot your password?'. The main content area is split: the left side has the text 'Connect with friends and the world around you on Facebook.' followed by three features: 'See photos and updates from friends in News Feed', 'Share what's new in your life on your timeline', and 'Find more of what you're looking for with graph search'. The right side is the 'Sign Up' section, which includes the text 'It's free and always will be', followed by input fields for 'First name', 'Last name', 'Email or mobile number', 'Re-enter email or mobile number', and 'New password'. Below these are 'Birthday' dropdowns for 'Day', 'Year', and 'Month', with a link 'Why do I need to provide my birthday?'. There are radio buttons for 'Female' and 'Male'. A disclaimer states: 'By clicking Sign Up, you agree to our Terms and that you have read our Data Use Policy, including our Cookie Use.' A green 'Sign Up' button is at the bottom of the form. At the very bottom, there is a link: 'Create a Page for a celebrity, band or business.'
